What Caused the Sudden Decline in the Price of Ethylene Oxide?

2018-06-27

PUdaily, Shanghai-- In the first half of 2018, although the price of upstream raw material ethylene dropped, that of ethylene oxide remained high and stable. From January to June, the ruling offer was in the range of RMB 10,400-10,800/ton. In the week from June 11 to June 17, the stable state of ethylene oxide price in China came to an end as the manufacturers cut the price by RMB 600/ton to RMB 10,200/ton. On June 20, the price was further cut by RMB 500/ton. ...[More](#)
